### Hafa Adai Prospective Sponsor:

Since 2005, Guam's supportive community partners have allowed the Guam Territorial Band to program meaningful music education experiences for the youth of the Marianas through their signature annual event. The Tumon Bay Music Festival™ is the region's largest music event incorporating hundreds of local and regional musicians of all ages. This year's festival is scheduled for February 28 - March 9 at various locations throughout Guam.

As always, we welcome world-class guest adjudicators that will provide an objective assessment of the current state of our music programs. Guest artists will grace our performance venues, inspiring the novice and aficionado alike. We hope that your company will be one that they will recognize and patronize regularly throughout their stay. Your support will also allow for great educational and enrichment programs to be offered for all musicians to experience.

We invite you to partner with us as we present the 15th Annual Tumon Bay Music Festival™ (TBMF 2019). Please feel free to review our sponsorship prospectus, advertisement agreement forms, previous festival program booklets, and festival guide included with this letter.

We look forward to your support. Should you have any further questions, please contact us via any means above.

Musically yours,

**Maximo Ronquillo, Jr.**  
Festival Founder & Artistic Director
